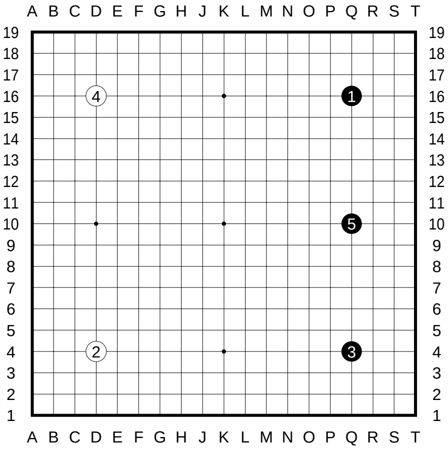
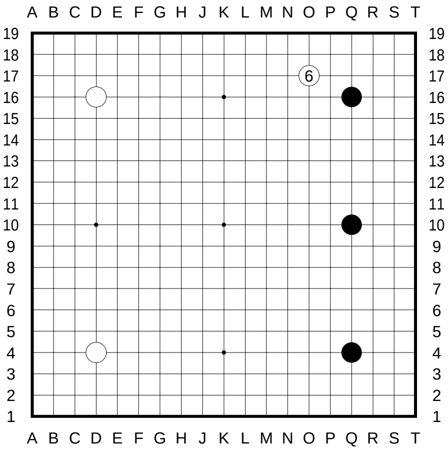
1 The Game

Black: playboy, NR
White: lyu, 7d
Date: 1993-02-06
Place: IGS: 128.32.201.46 6969
Result: W+Resign



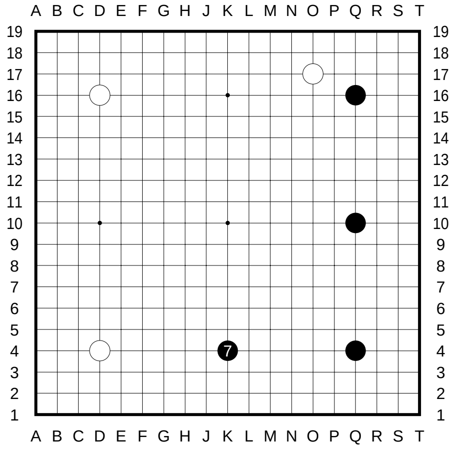
Black 1 – Black 5

khuang(7d) thank players!
fmc(6k) yup.. thanks a lot
secret(NR) heartly.



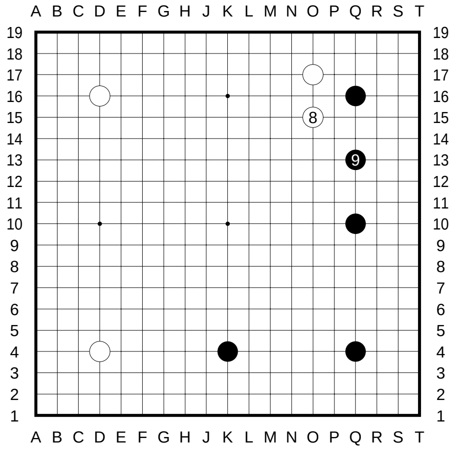
White 6

xmas(NR) why did they start so slow?
secret(NR) waiting.



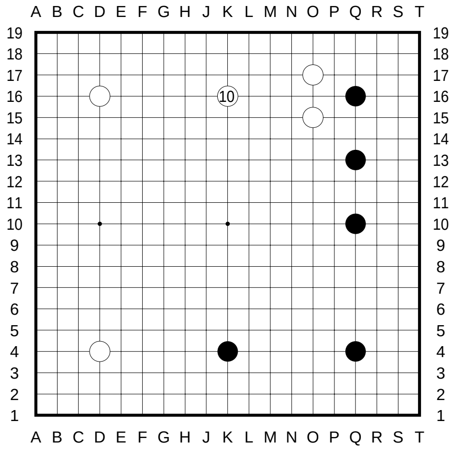
Black 7

dp(6d) because both really want to win, i guess.



White 8 – Black 9

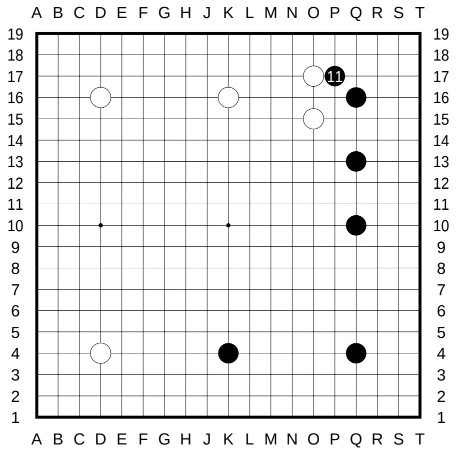
Dee(3d) pretty dull opening



White 10

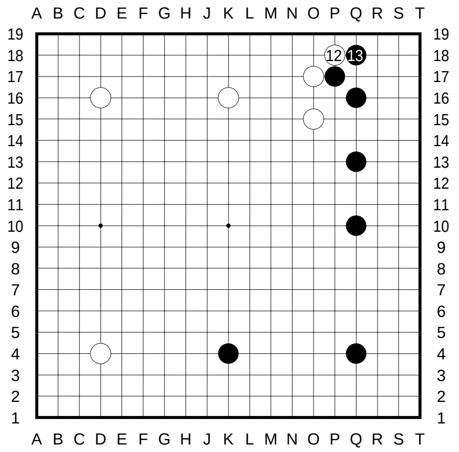
secret(NR) *yawn*

fmc(6k) come on.... even dull openings can hide terrible fights :)



Black 11

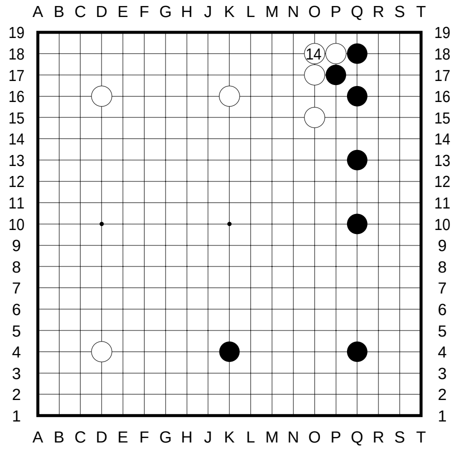
Dee(3d) let us see big fight immediatey



White 12 – Black 13

dp(6d) i don't like p19
i mean p18

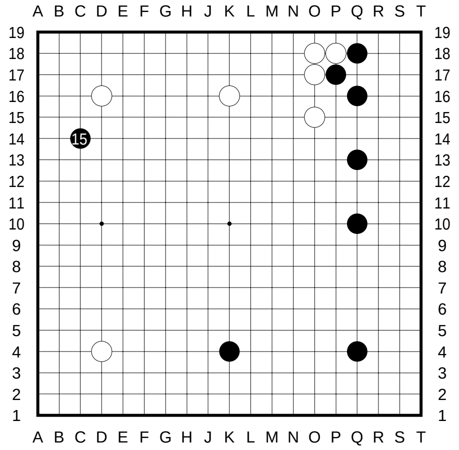
Dee(3d) why not? now he will play else where



White 14

Dee(3d) never mind

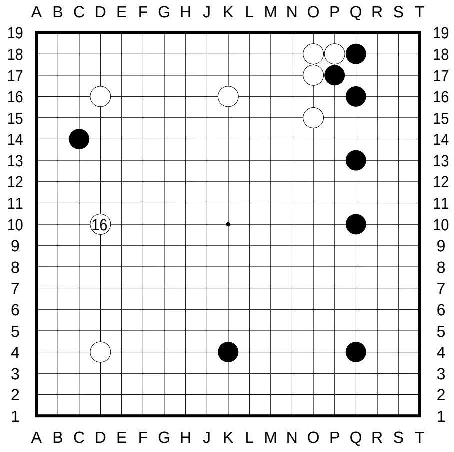
dp(6d) hard to say why not. just not like.



Black 15

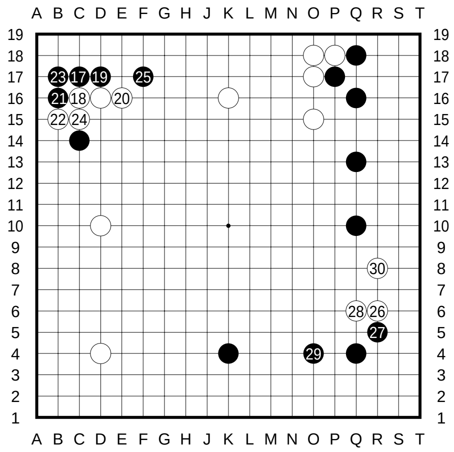
dp(6d) i mean :–)

Dee(3d) o18 no good



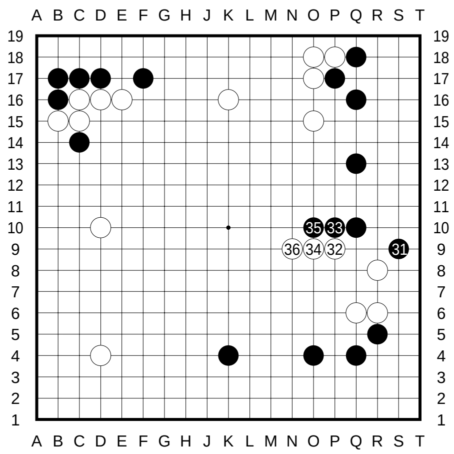
White 16

Dee(3d) comeon, do f17 and fight



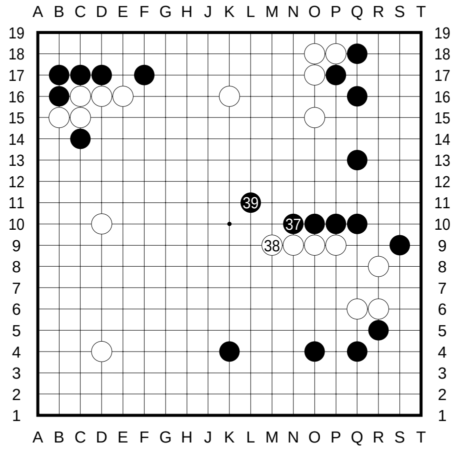
Black 17 – White 30

secret(NR) corners...
Dee(3d) R10



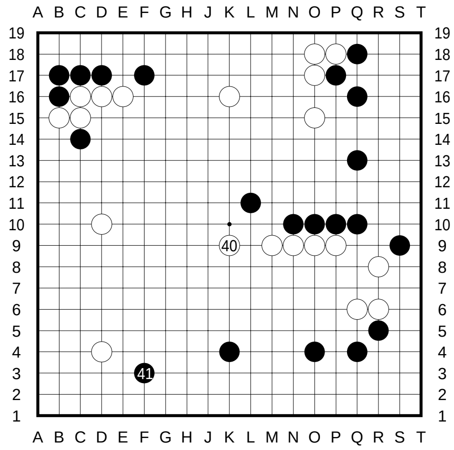
Black 31 – White 36

xmas(NR) w looks good.



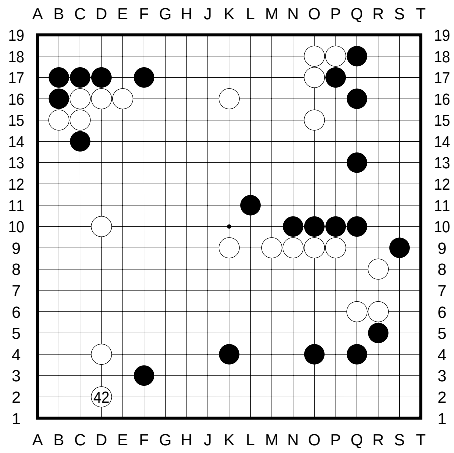
Black 37 – Black 39

Dee(3d) f16?



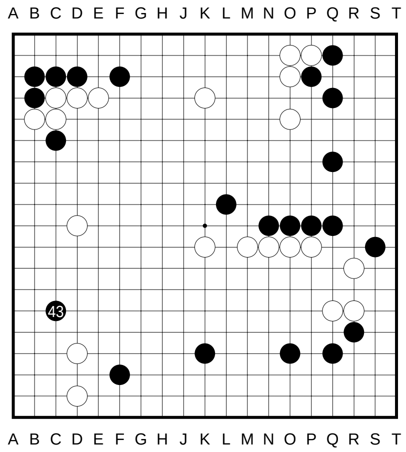
White 40 – Black 41

xmas(NR) k9 is too slow.



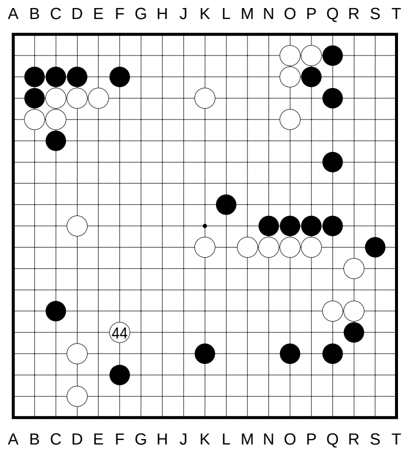
White 42

dbs(NR) k9 was the biggest to me.
xmas(NR) k9 was thick, but worth nothing in terms of territory.



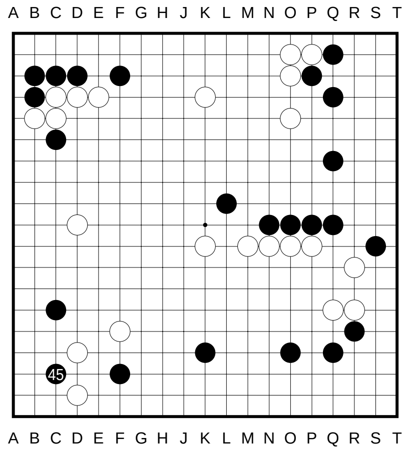
Black 43

Dee(3d) I like B
jinju(14k) I always support lyu
dp(6d) not like lyu, he worries about shape in this game. :–)
i meant k9, not d2. :–)
secret(NR) *yawn*
Dee(3d) in 2 days, I will bring a world #4 player to IGS, stay tuned



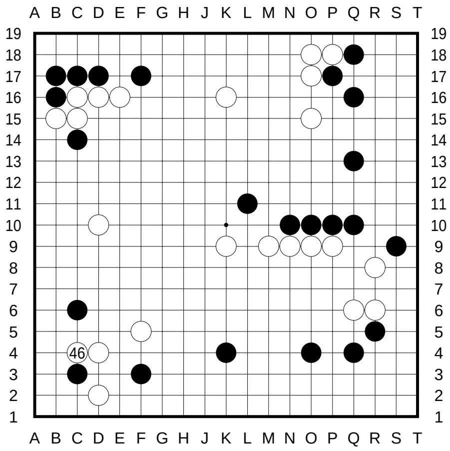
White 44

secret(NR) #4?
dp(6d) who's that?



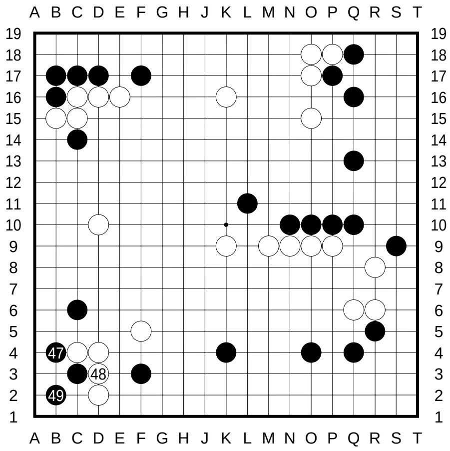
Black 45

rjp(17k) how many #4's are there?
jinju(14k) apro?
Dee(3d) sorry, not professional #4
jinju(14k) a pro?
chem(1d) is this playboy the old playboy?
khuang(7d) he said so.
chem(1d) the old one used to be Playboy
dp(6d) you mean he looks different, mr. khuang?
khuang(7d) no. i'm sure he's nemesis.
chem(1d) i heard that Playboy doesn't want to play lyu any more
jinju(14k) why?
khuang(7d) no now. :–)
secret(NR) :–)
Dee(3d) what should W do now?
chem(1d) c4
khuang(7d) d3,
scooter(8k) c4
khuang(7d) on;y move
ox(4d) is b much better than w now ?
khuang(7d) hard to say
Dee(3d) I think so
khuang(7d) anyway, f4 was not good.
Dee(3d) f5?
khuang(7d) sorry, f5, not f4. :–(
dp(6d) that i agree. mr. khuang.
expo93(5d) B has more territory, doesn't he?
Dee(3d) I think so :)
chem(1d) of course he does
veg(1d) what instead of f5?



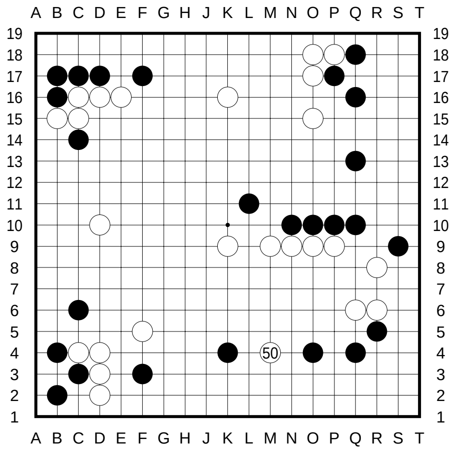
White 46

khuang(7d) even d2, that i did not agree. :–)



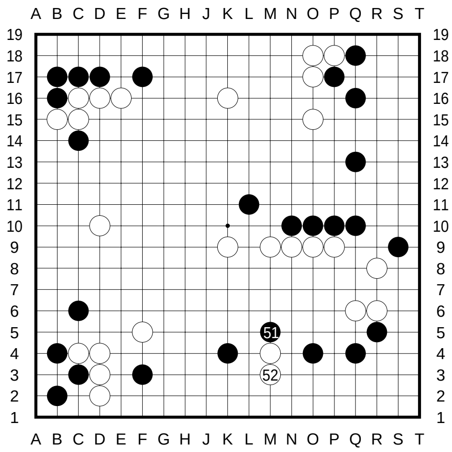
Black 47 – Black 49

dp(6d) you mean d2 reasonable, khuang? :–)
secret(NR) corners...
khuang(7d) no. i did not like d2
dp(6d) so i always agree with you, mr. khuang. :–)
Dee(3d) W c8 now?
khuang(7d) thank u, mr. dp. :–)
dp(6d) you're welcome, mr. khuang. :–)
secret(NR) polite



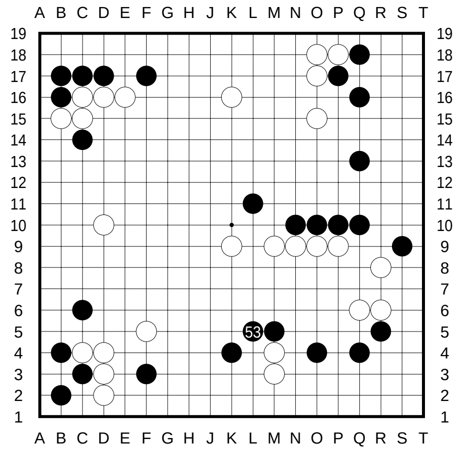
White 50

chem(1d) d4 group looks weak now, rite?
jinju(14k) gee, 4 huge corners
or 3 1/2



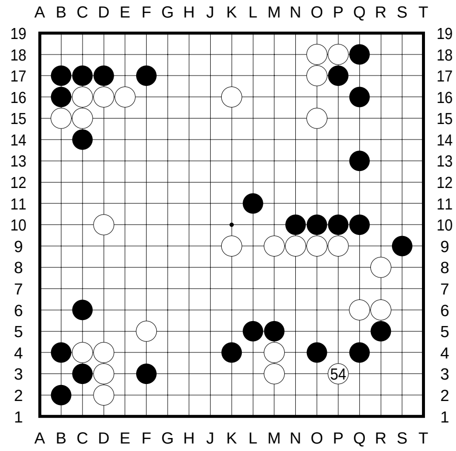
Black 51 – White 52

chem(1d) it is not the point
Dee(3d) now it is more interesting
khuang(7d) _^



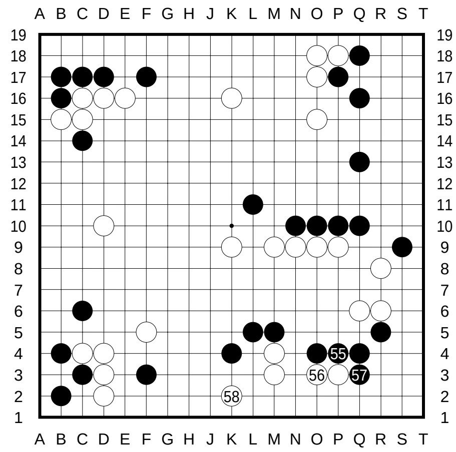
Black 53

dp(6d) yeah. lyu needs to show something here.



White 54

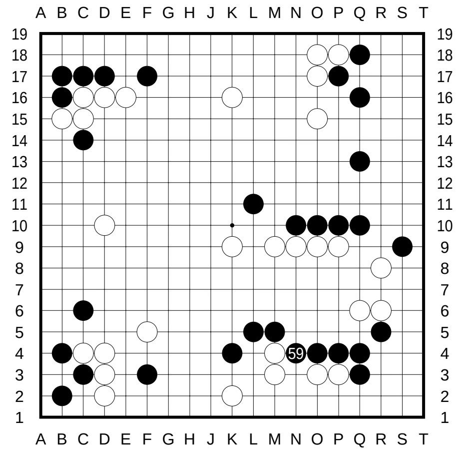
Dee(3d) I still like B better



Black 55 – White 58

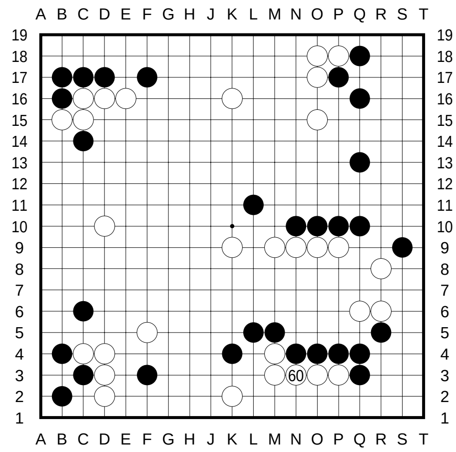
chem(1d) w d4 group more like a burdon now

dp(6d) seems not much he can show. :–(
jinju(14k) show how to be alive :–(



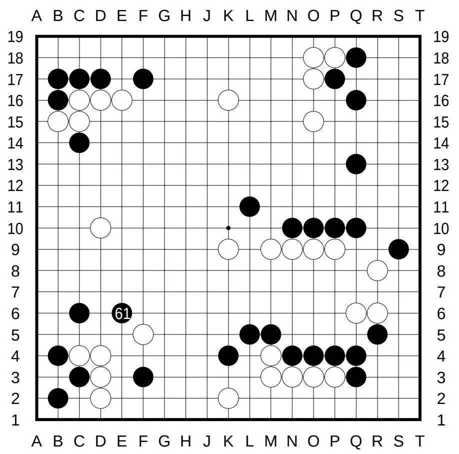
Black 59

dbs(NR) if w make live eith sente, w success here.



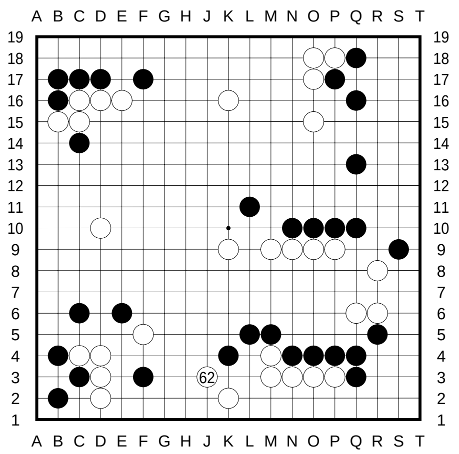
White 60

chem(1d) h3
jinju(14k) k3
chem(1d) b can't let w to take h3
agree, high d's?
ychen(NR) agree on what?
chem(1d) b h3



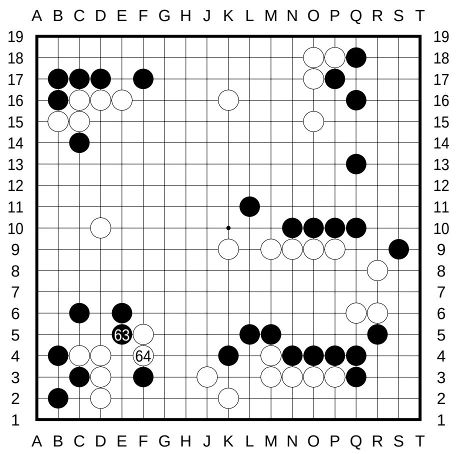
Black 61

ychen(NR) h3 still leave j3 to w
khuang(7d) i like j3, instead of e6.
Dee(3d) agree
dp(6d) i like f6, simply because i didn't see it.
chem(1d) i think h3 put more pressure on d4 group



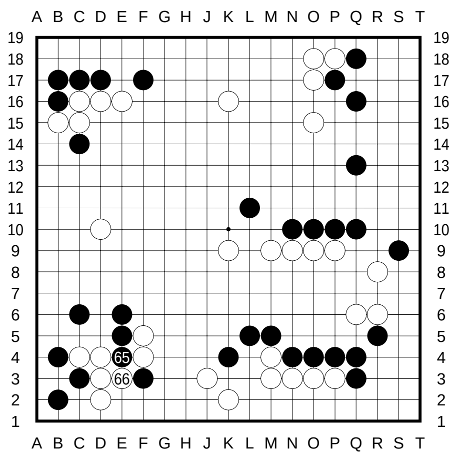
White 62

dp(6d) i mean e6
no doubt, however, j3 enormous!
expo93(5d) next B's moves are L8, E5 cut?



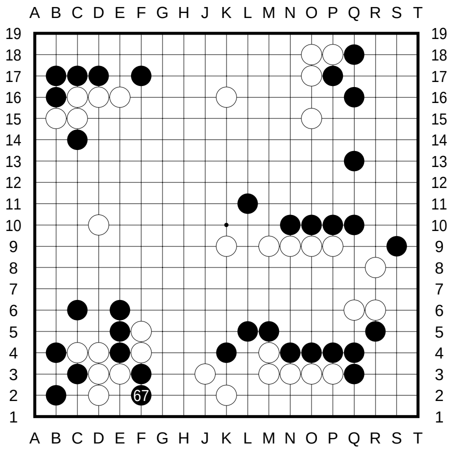
Black 63 – White 64

Dee(3d) e4 works?
chem(1d) e4 feels good
dp(6d) not directly.



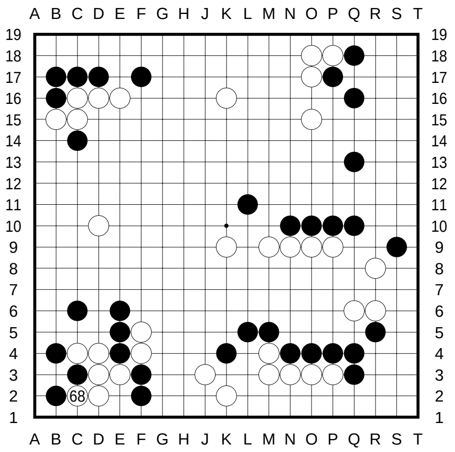
Black 65 – White 66

dp(6d) does it?
dbs(NR) who is leading?
Dee(3d) we will find out soon



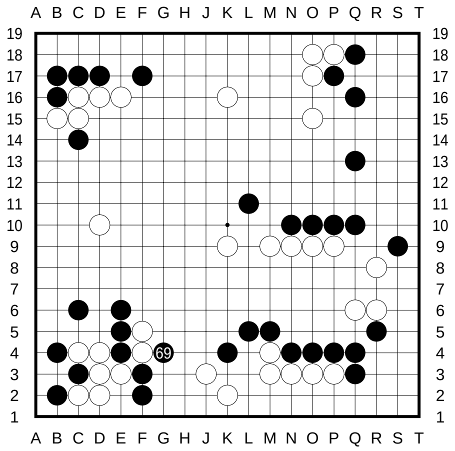
Black 67

khuang(7d) thsi result is not good for b.
dp(6d) the two black will be given up.
khuang(7d) g3, now.



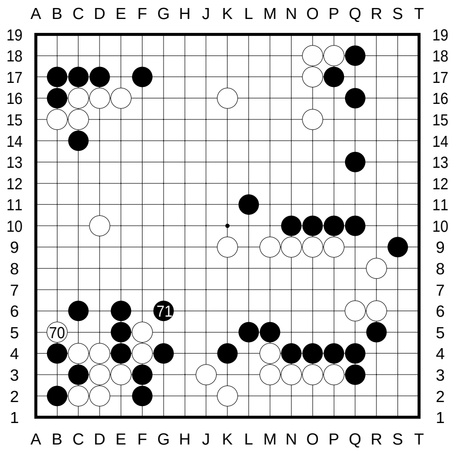
White 68

Dee(3d) g4 now
chem(1d) y w c2?



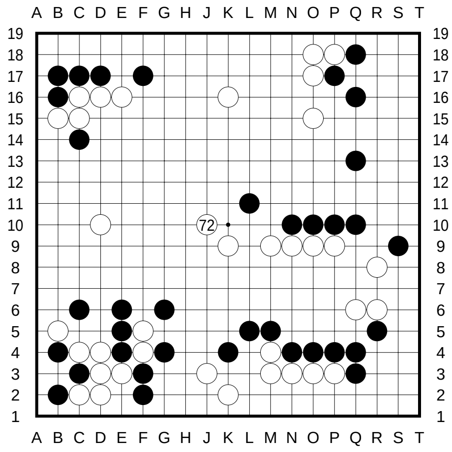
Black 69

khuang(7d) b takes risk?
Dee(3d) hey B heard me
dp(6d) yes, he sure did, Dee.
khuang(7d) congratuations, Dee!
secret(NR) :–)
ychen(NR) congradulations , Dee!
Dee(3d) thanks
secret(NR) promotion?



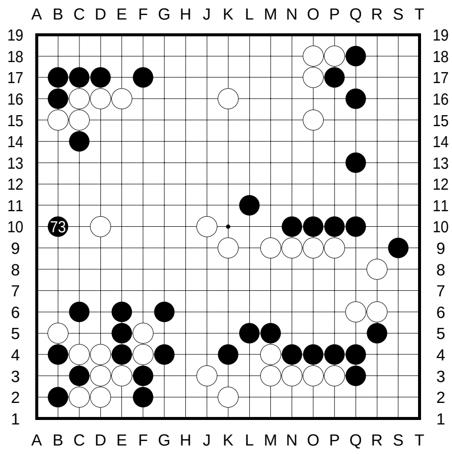
White 70 – Black 71

jinju(14k) change back?
khuang(7d) god! b gives up those two stones?
secret(NR) three?
jinju(14k) b?
pppp(NR) u mean w?
chem(1d) which two?
pppp(NR) u mean w, khuang?
dp(6d) yes, i think he meant w.
secret(NR) confunsion.
confusion.
pppp(NR) i am chuck



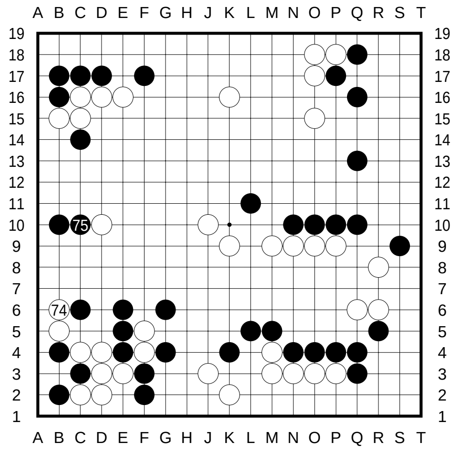
White 72

dp(6d) w must be happy about the exchange.
khuang(7d) yeah, w. sorry
Dee(3d) somewhere near f16 for B
dp(6d) woops, i meant b sorry guys.
secret(NR) confusion.
yawn
Dee(3d) how about B3 connect?
dbs(NR) who is ahead?
phys64(NR) b



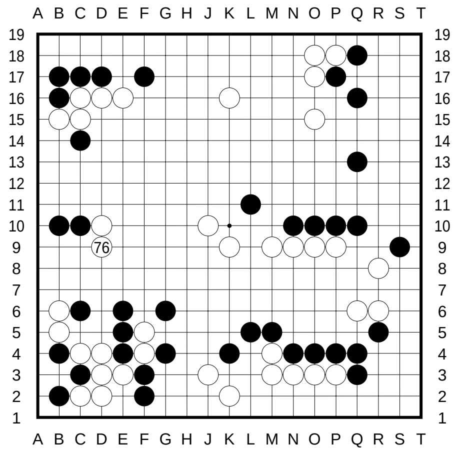
Black 73

khuang(7d) considering c5, b got something.



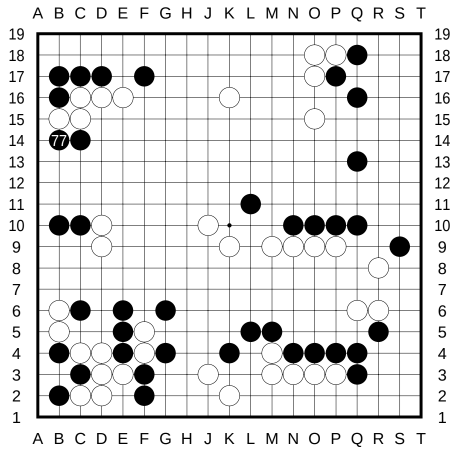
White 74 – Black 75

Dee(3d) I like B more & more, W has no territory



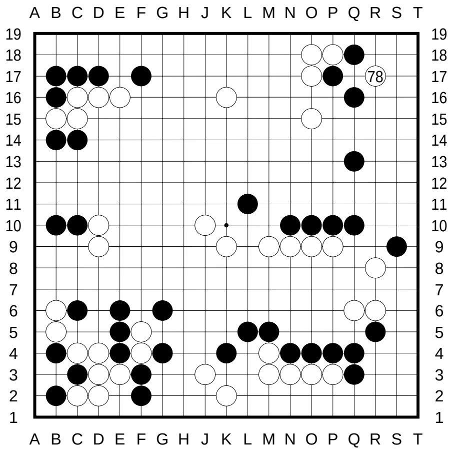
White 76

dp(6d) at least five additional points i guess.
khuang(7d) b14



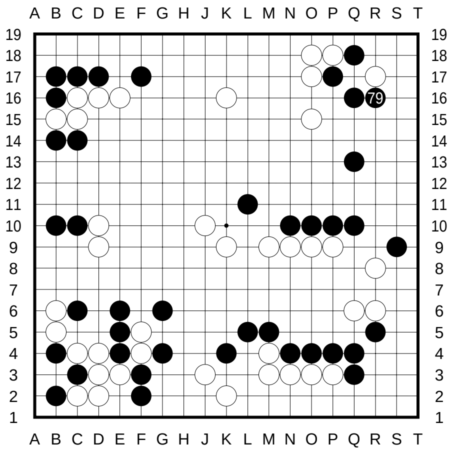
Black 77

secret(NR) congratulations!
chem(1d) bingo
khuang(7d) d14



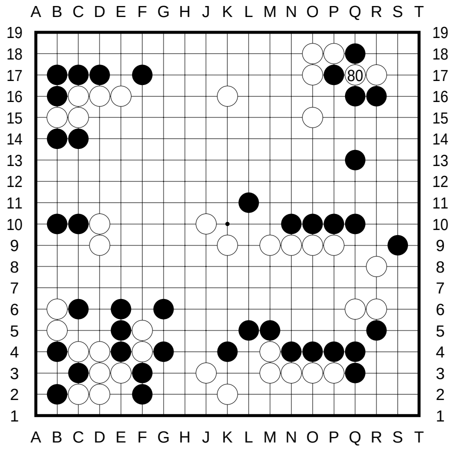
White 78

Dee(3d) he must have 2 screens, one to hear k−biz
secret(NR) :−)
dp(6d) wait. you ask him, if he wants congratulations, secret.



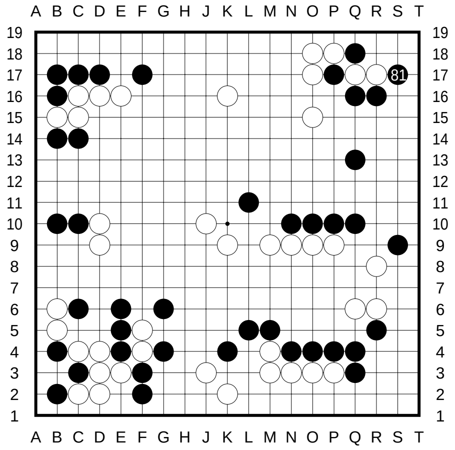
Black 79

khuang(7d) ˆ_



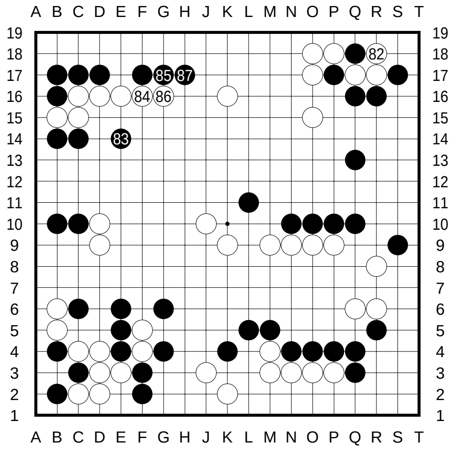
White 80

chaos(7k) what a good idea



Black 81

secret(NR) sure.



White 82 – Black 87

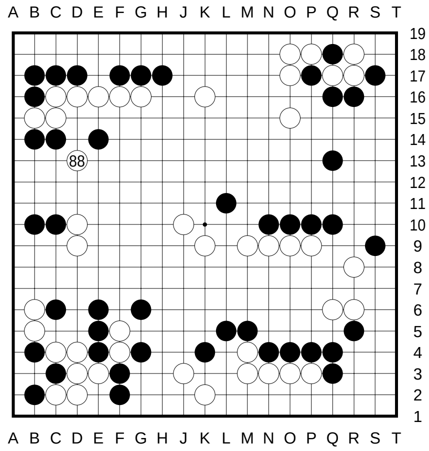
secret(NR) b

is
thick.

expo93(5d) khuang, If w's move was G3 instead of C2, what was the plan for black?

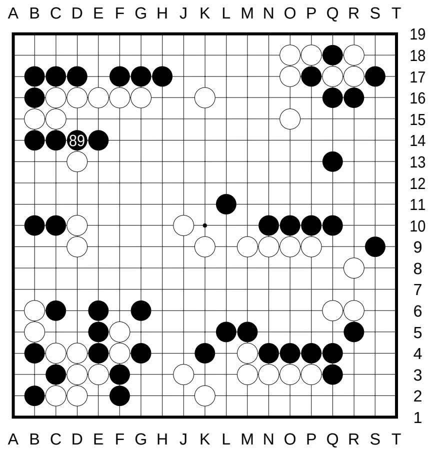
ychen(NR) secret, sir, we are having same kind of problem

secret(NR) :–)



White 88

dp(6d) thickening the center giving up about 10 points.



Black 89

Dee(3d) bye, gotta go

secret(NR) bye

dp(6d) bye Dee.

ychen(NR) bye

expo93(5d) dp, ur kibitz is the answer for my question?

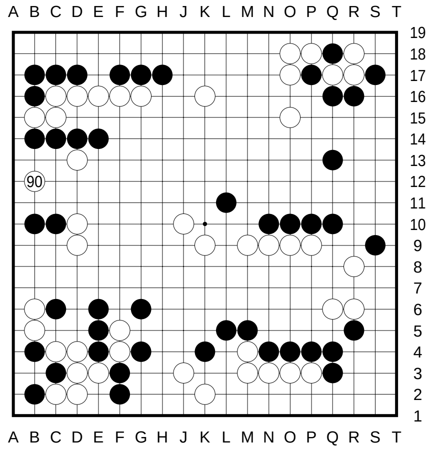
dp(6d) unless mr. khuang has better answer.

khuang(7d) what's question?

secret(NR) oops.

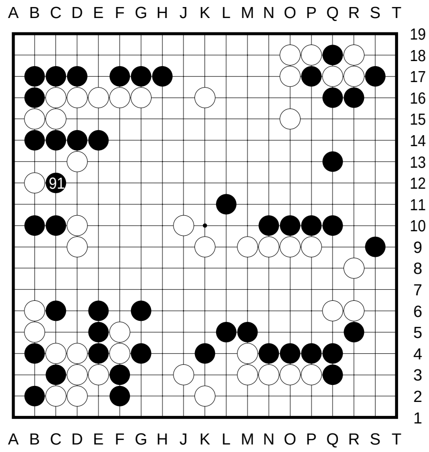
expo93(5d) dp, thank you.

dp(6d) my reading was g3(w),
g2,h2,g4,h3,g6,g5,h5(b)...
but i m not sure, if that was b's plan, though.



White 90

chem(1d) why w d13 when his e16 group need to be taken care for?



Black 91

chaos(7k) chasing the chaser

chem(1d) w is heavier here

khuang(7d) do u guys like b12?

pppp(NR) i don't

dp(6d) khuang no sir. not my style at all.

khuang(7d) neither did i. :–)

chem(1d) i don't like d13 at the first place

pppp(NR) w is looking for chance

expo93(5d) too deep, i think.

secret(NR) shallow.
i
think.
:–)

pppp(NR) if go on playing soft, ==resign

chaos(7k) has secrets space and return key swaped?

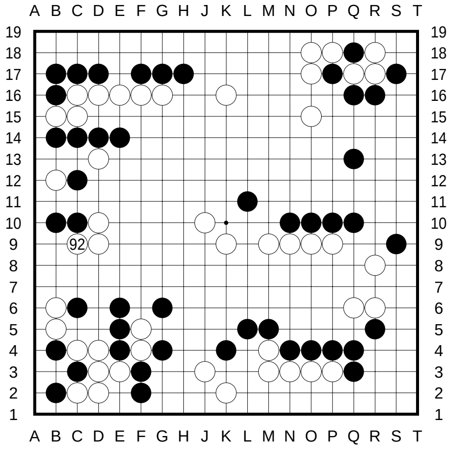
secret(NR) almost.
:–)

khuang(7d) hard to c lyu soft. :–)

dp(6d) i must again agree with Mr. khuang. :–)

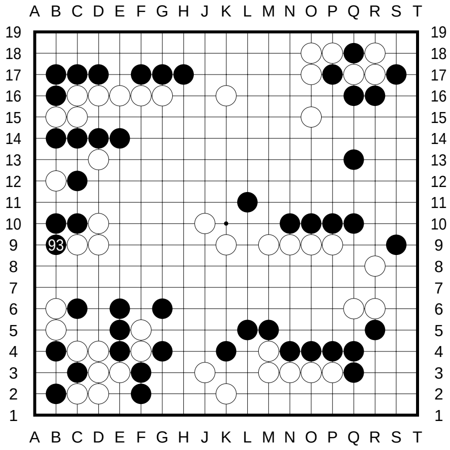
flashman(NR) yawn

secret(NR) *yawn*
khuang(7d) thank u, dp. :–)
dp(6d) you're welcome, khuang. :–)
secret(NR) polite.
chem(1d) now design a move for w, gentlemen!
scooter(8k) n6?
chem(1d) c13 only choice?



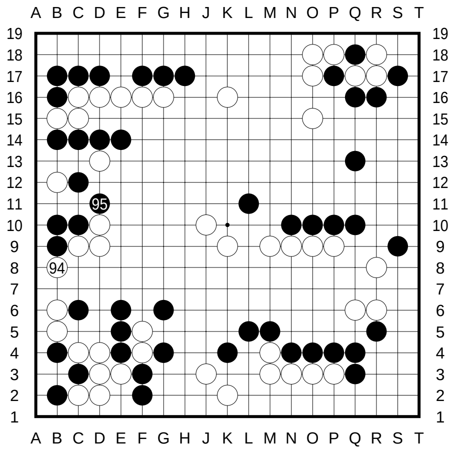
White 92

chaos(7k) n6 – urrgh
expo93(5d) G14?
flashman(NR) e13
secret(NR) pass



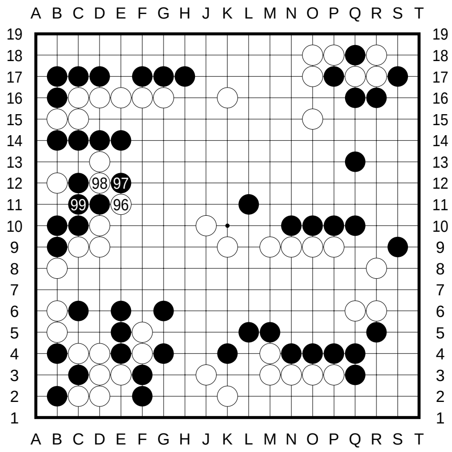
Black 93

chem(1d) any good moves so far for w?
khuang(7d) j10
secret(NR) j3?



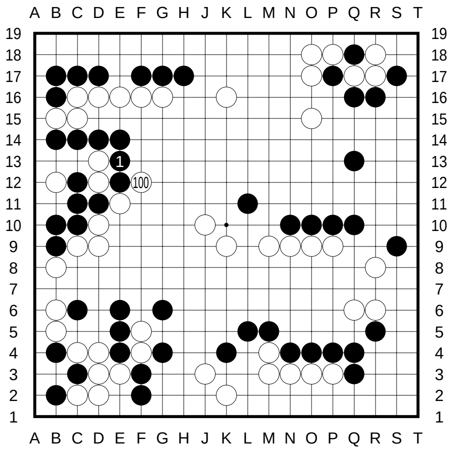
White 94 – Black 95

chem(1d) thank you, Mr. k
expo93(5d) m4?
pppp(NR) ' peeeeeeeeep now
khuang(7d) d12?



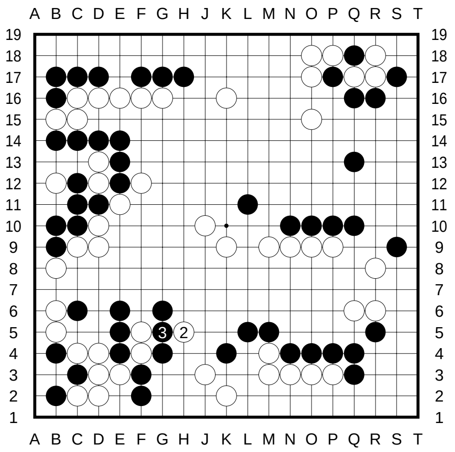
White 96 – Black 99

pppp(NR) h5 and f7 now



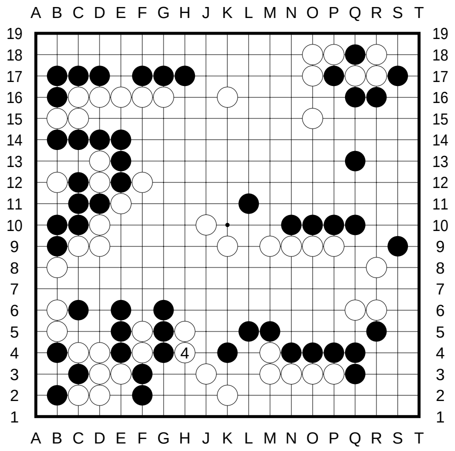
White 100 – Black 101

dp(6d) sorry, guys. but i just have to agree with khuang again. d12 instead of e11
secret(NR) :–)



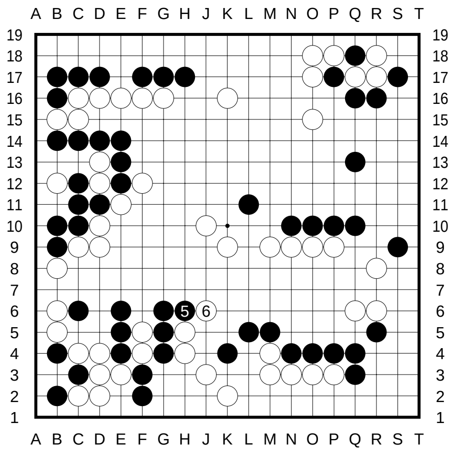
White 102 – Black 103

flashman(NR) h7
dp(6d) h4



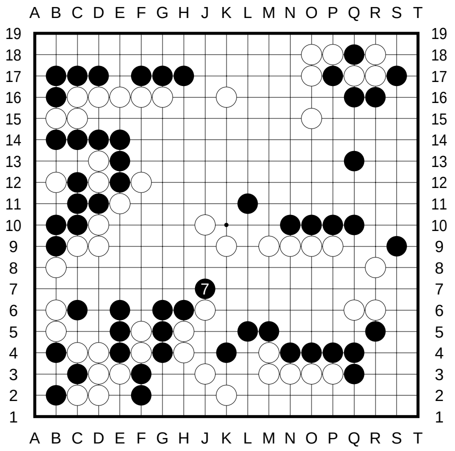
White 104

flashman(NR) not bad guess
dp(6d) why don't you guy congratulate me? :–)
chaos(7k) clap clap clap
ychen(NR) gee , didn't follow the game
secret(NR) CONGRATULATIONS!!!
YAWN
pppp(NR) simply h2 and live and win and go home
ychen(NR) who is better khuang?



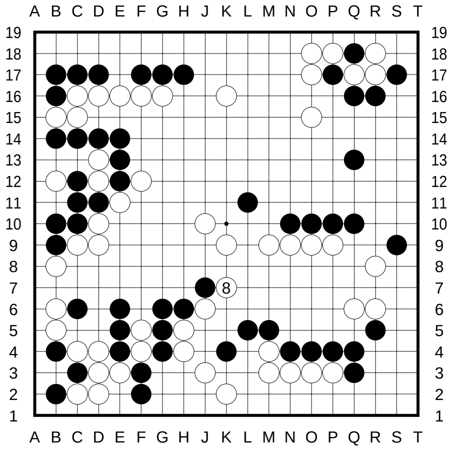
Black 105 – White 106

chem(1d) h2
flashman(NR) k7
dp(6d) w wants q5 and then n5 cut.



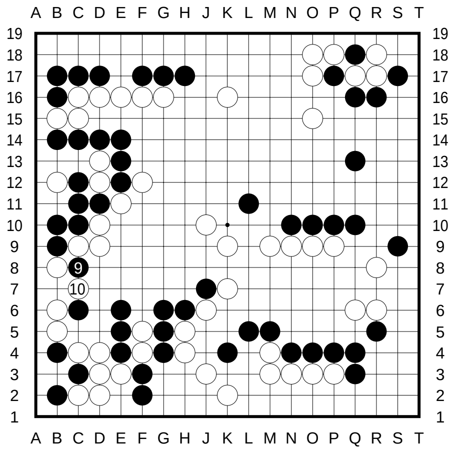
Black 107

flashman(NR) well i was close



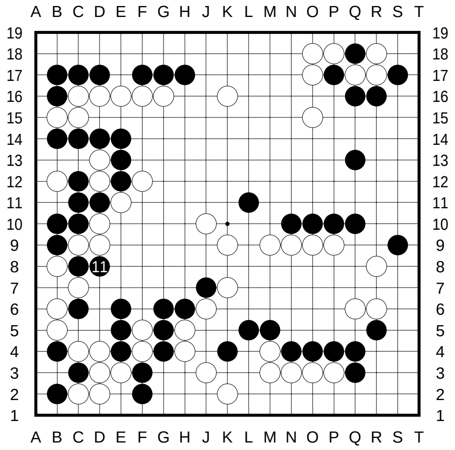
White 108

dp(6d) k6
then l7
khuang(7d) h3?
flashman(NR) l7
b has time to burn
yawn
chaos(7k) hi expo93
rjp(17k) why does pcigc4.5 not show time?
ychen(NR) i am having the same problem
no time
dp(6d) how did you get it rjp?
ychen(NR) so, just type "time 2"
expo93(5d) hi, chaos.
veg(1d) works for me
ychen(NR) get it from
ftp.u.washington.edu



Black 109 – White 110

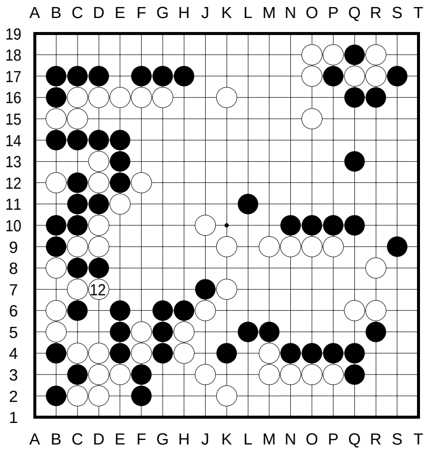
dp(6d) i know that. but i forgot the command to get the file.
secret(NR) "get"
dp(6d) i typed <get public/go/prog/pcigc...> didn't work.
flashman(NR) d7
secret(NR) no!
chem(1d) d8



Black 111

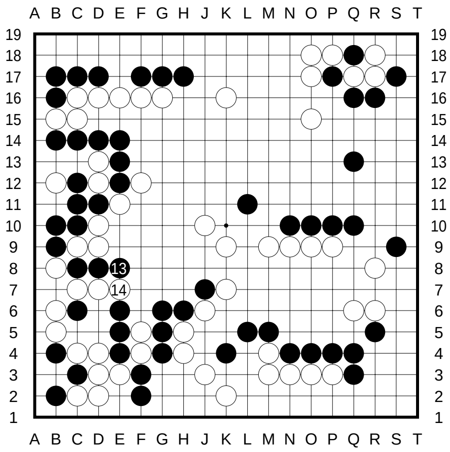
flashman(NR) right again
d6?
chem(1d) w is thinking giving up c9 but may not get g6
dilema for w
flashman(NR) chem where would you play?
chem(1d) for w?
secret(NR) time....
khuang(7d) d7?
flashman(NR) yes
dp(6d) but i still like k6, and l7 before c8 for w.
:–)
chem(1d) if w d7 how if b e8?
flashman(NR) agreed

khuang(7d) all the way come out!
last chance/



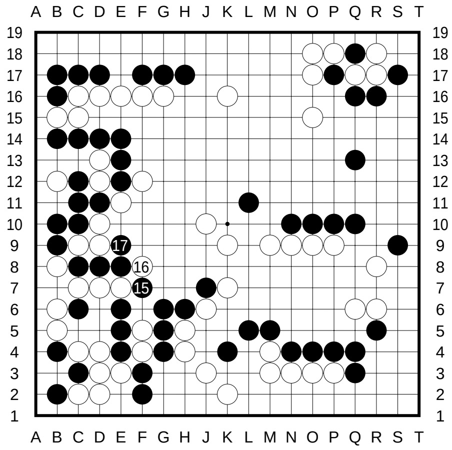
White 112

ychen(NR) sorry, who said he can read
flashman(NR) w is going to introuble time wise
mozart(4d) if b l7 w h7?
ychen(NR) time by pcigc45?
chem(1d) here it comes
b has j5, h3 ,j2, so alive



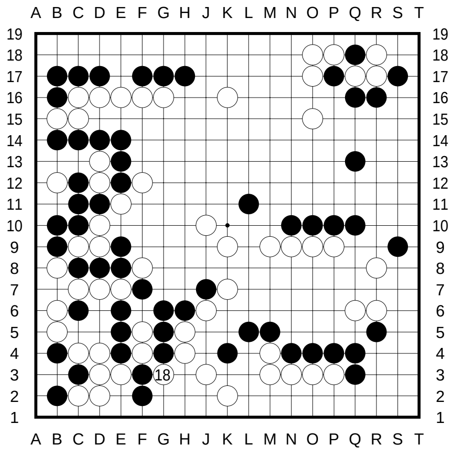
Black 113 – White 114

rjp(17k) last game lyu twice had 4 moves to make in less than 20 seconds – and survived (the time limit anyway)



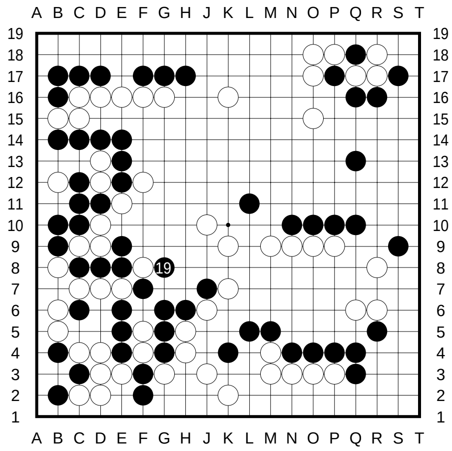
Black 115 – Black 117

dp(6d) g8
no it doesn't work for w.
secret(NR) no
chem(1d) b would e10 and w c15 group almost no hope then



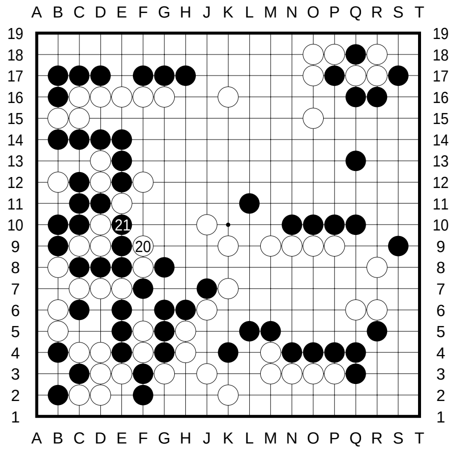
White 118

dp(6d) e8,e10,k8,h2, then q5 only hope for w.
s5 rather than q5.
chem(1d) g8?



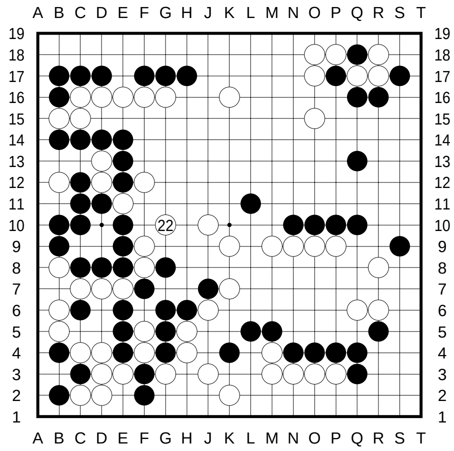
Black 119

chem(1d) why so quiet? comments!!!



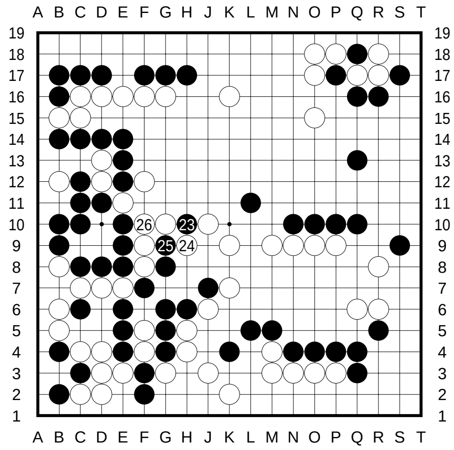
White 120 – Black 121

secret(NR) *YAWN*
khuang(7d) n6?
dp(6d) i was wrong about l7. b must be happy he didn't play it.
chem(1d) if w can't capture this big group while keeping d16 group alive, then resign



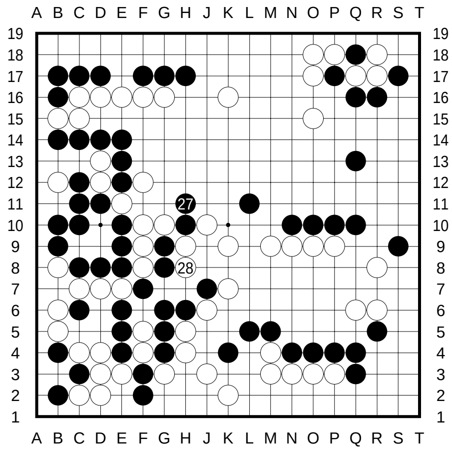
White 122

rjp(17k) does that mean b will be happy to swap g16 group for g5?



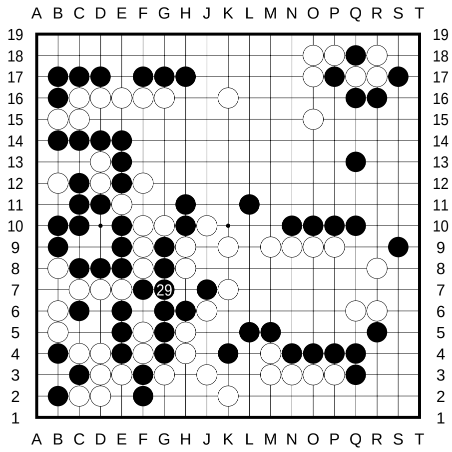
Black 123 – White 126

dp(6d) g9 a resigning move.
secret(NR) dead?
dp(6d) no. i m wrong again. i'll shut up for a while for punishment. :–)
secret(NR) please.
:–)



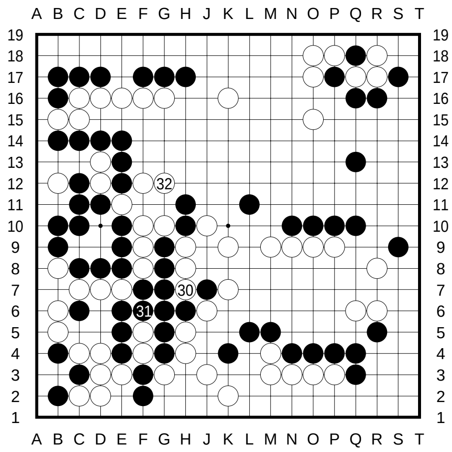
Black 127 – White 128

rjp(17k) hey we like it when 6d's are wrong :)



Black 129

ychen(NR) pls, don't everyone make mistakes :–)

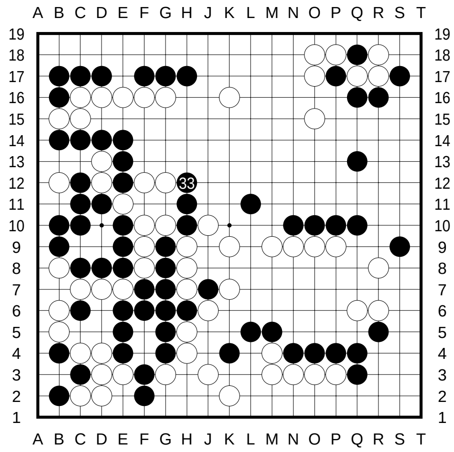


White 130 – White 132

secret(NR) dead?!

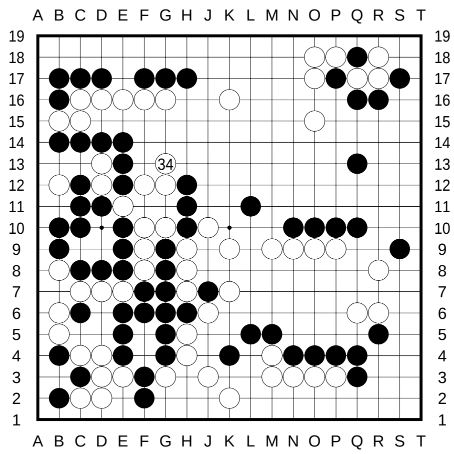
unexpected.

ychen(NR) lyu have a good one??



Black 133

secret(NR) suddenly.



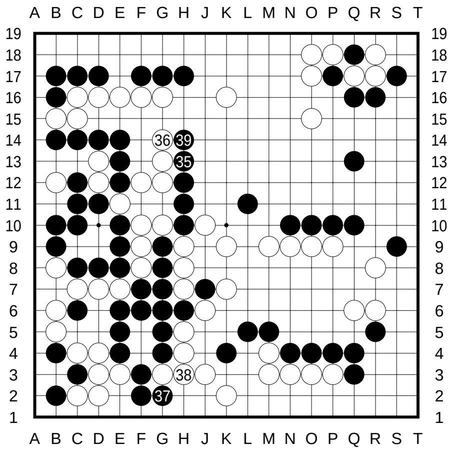
White 134

iyc(6k) come on, dp, we need ur comment :)

secret(NR) punished.

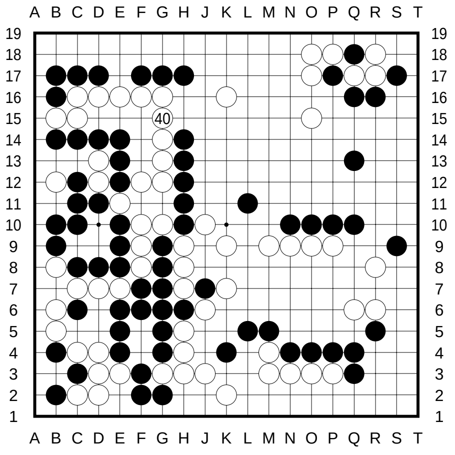
ychen(NR) B has no enough Qi4 (liberties)

secret(NR) b
was
careless.



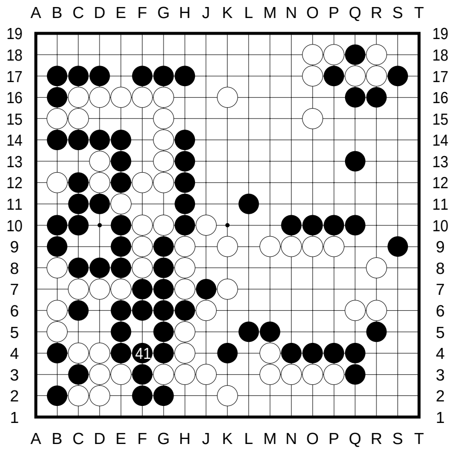
Black 135 – Black 139

fmc(6k) H15 safe ?
xzhao(4d) f4>?
ychen(NR) B is dead
secret(NR) dead.
phys64(NR) I can't understand what happened1
chem(1d) h15 first



White 140

ychen(NR) w needs qi4 (liberty) badely



Black 141

secret(NR) everyone
was
sleepy
chem(1d) j15
iyc(6k) i am not sleepy
secret(NR) except
iyc
iyc(6k) i'm waiting sat. game
mozart(4d) b should have given up bottom group and take b15 group
fmc(6k) some were even yawning :)
secret(NR) *YAWN*
iyc(6k) who will win on saturday? Jiang or sheah?
