White: 94

rap(1d) n11
Alien(6d) m12

Black: 95

xzhao(4d) give f9 a shot.
watanabe(4d) n12
Alien(6d) U C
chouqi(NR) if b makes center alive, he will win.
ying(4d) b don't need to play f9 I think
watanabe(4d) are you sure?

White: 96

ming(1d) point count is close even f b gets center.

Black: 97

watanabe(4d) now k15
tom(1k) b k15
watanabe(4d) if black lives in center
white amkes points on side
xlqb(3) look so many watching this stats fisher
zhong(NR) hard to kill b.
watanabe(4d) j14 ?

White: 98

chouqi(NR) i think hjpark is better than sweat even if sweat wins by any chance, if he wins.
screwup(NR) All observers go this game.

Black: 99

rap(1d) b is in deep trouble
Alien(6d) i think b will get 2 points in the middle
yitao(6d) good points
playboy(NR) g10 is a little much i think

xzhao(4d) k13 looks nice
SQUID(5k) o10 is good
for b
zqhu(NR) what yr opion? playboy?

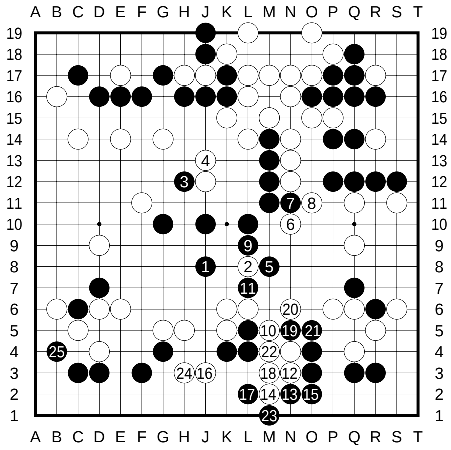
playboy(NR) b has enough territory i think
login(4d) server is good tonight.



Black 101 – Black 125

Black: 101

chouqi(NR) even the center got killed?
watanabe(4d) white only has 1 group
zhuge(NR) game looks exciting now...
playboy(NR) in that sense g10 was a little much i think
tom(1k) o10 for b
watanabe(4d) g8?
chouqi(NR) w is going to have 2 group soon
yitao(6d) w m9
screwup(NR) because starting getting bloody?

Black: 103

chouqi(NR) l8 good
watanabe(4d) h11?
zhuge(NR) i am sweating for sweat now. :–)

White: 104

login(4d) w wants to kiil, i think.
ying(4d) only kill can win

zhuge(NR) w probably has to kill to win.
screwup(NR) His eyes must turn red. :)
ying(4d) still no 1 pts until now
Alien(6d) yes. maybe w wants to give b only 1 point ?
screwup(NR) Should expo check it for us?
login(4d) besides that. korean players like to have big fight.
Black: 105
tim(4) m9 ?
yitao(6d) b undid?
Alien(6d) m9 then b l9 and j11
bh(NR) b will make it
Black: 107
szheng(5d) good point
White: 108
screwup(NR) I feel I am going to cry for black.
watanabe(4d) eye−stealing tesuji
xlqb(3d) is sweat a chinese?
Alien(6d) n9
Black: 109
zhuge(NR) no, sweat is a korean boy.
tom(1k) which move watanabe?
watanabe(4d) k8
zhong(NR) b is going to be dead meat?

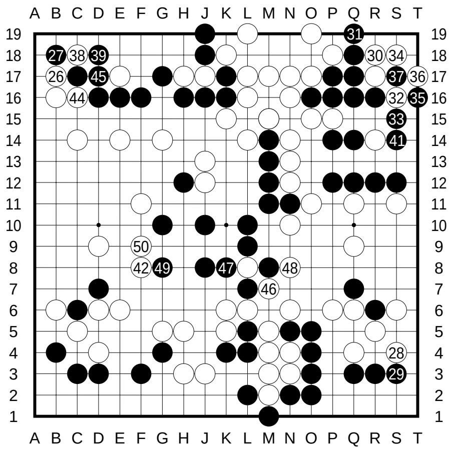
zp(NR) k11 now
playboy(NR) hahaha let's see sweat's gut here
greatwall(NR) same joseki for both corners?
watanabe(4d) you mean n3?
zhong(NR) his gut is green. :)
Black: 111
zhuge(NR) zhong has a color monitor... :−)
zhong(NR) of course, zhuge.
chouqi(NR) alive.
szheng(5d) still no eye
White: 112
screwup(NR) I don't know why not kill.
Black: 113
chouqi(NR) h4
watanabe(4d) white doesn't have to kill to win
screwup(NR) I guess his eyes are not red enough.
zhong(NR) got to go. have fun.
screwup(NR) But, observers want to SEE KILLING. :)
White: 114
zhuge(NR) really? what's your count, watanabe?
Black: 115
watanabe(4d) h4?
zhuge(NR) simon 5d? he has a rating of 18k though. :−)
White: 116
Alien(6d) b just wants 4 corners plus one middle. w wants 4 sides !
expo93(5d) Now about 75 players watching this game!!!
Dee(3d) L2
screwup(NR) Use shout instead?
szheng(5d) now b's territory isn't enough
chouqi(NR) really
yitao(6d) n5?
watanabe(4d) if white connects at r11, later he has q15, r15, s14
chouqi(NR) m4 for n5
Black: 117
zqhu(NR) now sweet's eyes are red!
chouqi(NR) l2 good
White: 118
zqhu(NR) k2
ying(4d) why not m3?
Black: 119
shaw(4) i don't think sweat gives his best today
chouqi(NR) no
n5 is a mistake.
tim(4k) why is n5 a mistake?
White: 120
ying(4d) m4
szheng(5d) i think n5 is a probe
ming(1d) it sets up l3?
screwup(NR) N5 is very good.
watanabe(4d) I think it is a good move
but white can start a ko
Alien(6d) m1 sente. then b can play in the middle
ming(1d) m1 then k3 for b?
watanabe(4d) if m1 and white o5, whtie can capture 3 stones next
jjs(4d) w can play s4 b4 and b17
chouqi(NR) it sets up l3 but affected center live.
Dee(3d) O5 first for B
watanabe(4d) if 05, white can play m7 then l3 for ko
Alien(6d) right o5 first . then m1
watanabe(4d) or k2?
if o5, then m7, then k2?
Black: 121
watanabe(4d) is m6 sente against black group?
White: 122
zhuge(NR) geee... b might lost time due to connection problem?
Black: 123
yitao(6d) k11 may kill b?
watanabe(4d) or is j4 enough to win?
Dee(3d) j4 gote?
playboy(NR) m4 was the best move for white?
White: 124
chucky(25) m4 go l3 better
chouqi(NR) what do the numbers mean after the time?
rap(1d) byoyomi
tom(1k) #moves in byo−yomi
watanabe(4d) r11 is very big
chouqi(NR) what does the byoyomi mean?
zhuge(NR) w added time for b. which was nice.
playboy(NR) this game is hopeless for black
mof(13) kind of hjpark to increase sweats' time.
greatwall(NR) how can he know that?

Black: 125

tom(1k) # moves left in that amount of time
chucky(25k) the board looks awefully symmetric, at r3 and c3 places
tom(1k) after 9 moves, sweat gets more time
tim(4k) try trans byo to find out what byo—yomi means
jjs(4d) s4
zhuge(NR) you're right chucky... you should see how they started the game. :—)
chucky(25k) must be interesting, zhuge?
Alien(6d) b17 biggest
playboy(NR) f10 maybe?
zhuge(NR) yes, symmetic all the way to about 20 moves?
chouqi(NR) f10
tom(1k) w has 80?
watanabe(4d) so many big points
playboy(NR) white really wants b17 but
chucky(25k) s4 sente
yitao(6d) w already has more points than b
USTC(2) I just come, how is the game?
login(4d) w is counting?
tom(1k) b has 70?
watanabe(4d) how about g8?



White 126 – White 150
140 at 132, 143 at 137

White: 126

Alien(6d) U C
playboy(NR) now b lost in territory

Black: 127

SQUID(5k) c7
ying(4d) too bad for b for lose lower side and gain nothing in center
playboy(NR) b has to do something
SQUID(5k) b c7 is good
cgjih(NR) like where?
yitao(6d) b4 maybe too small
szheng(5d) f9?

White: 128

playboy(NR) no b 18 it is surrender

Black: 129

greatwall(NR) c7 for b
Alien(6d) b18 should be in the middle
watanabe(4d) r11

Black: 131

jjs(4d) maybe b was thinking c7 work, and later found it doesnot

Black: 133

zhuge(NR) something here?
xlqb(3d) r15
watanabe(4d) r15?
Alien(6d) w gave back some points there
screwup(NR) looks like white gets something here.
Alien(6d) which was nice

White: 134

xlqb(3d) r15 w conner alive
xmas(NR) my poor sweater
tom(1k) ko?
ming(1d) ko!
ying(4d) a ko
zhuge(NR) incredible!
Dee(3d) he is just trying to tell B to resign
watanabe(4d) bad shock for black
Alien(6d) t17 ?
xlqb(3d) so b never ahead at all

White: 136

watanabe(4d) white was further ahead all along
Alien(6d) q 19 was b's sente. he should played long time ago (before l15 was taken)
zhuge(NR) of course, sweat won't give up easily.
tom(1k) if w save r14, good gain

Black: 137

watanabe(4d) h18 also was sente

White: 138

rap(1d) w use jko to kill center and corners

White: 140

playboy(NR) c18 is sophistigate technique
jjs(4d) but c18 lose some pts?
playboy(NR) make c16 and a18 both sente
Dee(3d) B cannot win the ko
Alien(6d) t15 to make the ko smaller

Black: 141

playboy(NR) no its not a loss
SQUID(5k) b lost
