Part 17 - Office Document Architecture Level 2 DAP 1

Part 17 - Office Document Architecture Level 2 DAP

NOTE - It is the intent of the National Institute of Standards and Technology (NIST) Workshop for Implementors of Open Systems Interconnection (OSI) to move into this part the Office Document Architecture (ODA) document application profile (DAP) known as FOD26, when it is approved as an International Standardized Profile (ISP). The draft text for the proposed Draft ISP has been submitted to the ISO/IEC Joint Technical Committee 1, Special Group on Functional Standards (SGFS). Refer to Part 17 of the Working Agreements of this Workshop for the current version of this text.

This replaces previous contents of this part.
