

APPENDIX E CDMA RETRIEVABLE AND SETTABLE PARAMETERS

This appendix describes the parameters that can be retrieved and set in the mobile station using the *Retrieve Parameters Message*, the *Parameters Response Message*, and the *Set Parameters Message*.

PARAMETER_ID values from 0 through 32767 are reserved for future definition and should not be defined by mobile station manufacturers. PARAMETER_ID values from 32768 through 65536 may be defined by mobile station manufacturers.
